

Spiritual Life Directory

Maine Conference
United Church of Christ

2013 – 2014

A project of the Commission for Spiritual Life

Greetings!

The Commission for Spiritual Life is one of three constituted working groups in the Maine Conference, United Church of Christ, serving alongside the Commission for Witness Life and the Commission for Community Life. These commissions direct the programming and ministry of the Maine Conference.

The Commission for Spiritual focuses on areas of ministry relating to God through: Christian study and nurture; leadership development and renewal of clergy and laity; pastoral care; worship life; theological education; church and ministry; interim ministry; in consultation with the Coordinating Council, new or emerging ministries.

As one of its ongoing projects, the Commission for Spiritual Life maintains and publishes this Spiritual Life Directory, consisting of contact information for professionals working in the field of spiritual direction, including individual coaching and leadership in the development of programs, retreats, and presentations. The directory also includes contact information for Retreat Centers and Spiritual Life organizations in the State of Maine. This information is made available to all churches and pastors in the Maine Conference, either in print or online through the Maine Conference website.

This directory was revised in March of 2013. All professionals and centers were active at that time.

This directory does not represent itself as exhaustive. If you are a professional provider in the field of spiritual development who is not listed in this directory, or if you represent a retreat center or spiritual organization not listed here, you are invited to contact the Commission for Spiritual Life to request listing.

Special Note:

Inclusion in this Directory does not indicate that the person, center, or organization listed has been in any way endorsed or approved by the Commission for Spiritual Life. Nor does listing indicate that the person, center, or organization is affiliated with the Maine Conference or the United Church of Christ. Inquiries directed to the persons and organizations listed in this directory should be thorough and complete, and those inquiring are encouraged to ask for specific references and recommendations.

Leadership: The Meyers-Briggs Type Indicator, based on Carl Jung's theories of personality, is a great instrument to help people understand themselves and others. The MBTI has many applications, including spiritual nurture and growth, teaching and learning and the interactions of couples and church groups. Whether one is concerned with spirituality or human interactions people usually move from tolerating differences, to appreciating and then celebrating our differences. To discuss the possibilities contact David C. Hall, a certified MBTI practitioner.
